Large three bedroom single story villa in a noble area of Vilamoura

We are delighted to present this spacious single-level villa with three bedrooms for sale, situated in a well-established and prestigious area of Vilamoura.

Originally designed as a four-bedroom property, the current owners have remodeled it into a three-bedroom villa. This alteration allowed for the inclusion of two generous en-suite bathrooms for two bedrooms, while a separate shower room serves the third guest bedroom.

As you enter the villa through the hallway, you will find a large fully equipped kitchen featuring all appliances, including a double oven, range with a griddle, and built-in microwave.

The lounge and dining area are filled with natural light, thanks to the large picture windows that offer stunning views of the property's front and the golf course beyond.
