### Large plot of land in idyllic Burgau

Close to the centre of Burgau we offer this unique and rare opportunity to purchase a plot of land where one can grow vegetables, it would be possible to add a garden shed of max 10m<sup>2</sup> max 2 meters high. Create your own garden paradise close to the beach, nature reserve and the village centre. Current permissions only allow for a hotel to be built, in the future if the permissions should change there could be other opportunities, but at present this is not something that can be guaranteed. As a long term investment this is an exciting opportunity. "Don't wait to buy land, buy land and wait".
